Dear Dr. Dopking,

On behalf of the United States Special Operations Command, I wish to express our appreciation for the outstanding support you provided to our Special Operations Forces wounded warriors.

The equine assisted support provided by Quantum Leap's staff was a tremendous success and provided our service members' spouses and children with new techniques to deal with their loved one's post-traumatic stress disorders. Your dedication and commitment are very much appreciated.

Thank you for all your help, and best wishes from the men and women of the United States Special Operations Command.

Sincerely,

*Joseph L. Votel*
