

# Program Report

## 2023

### Mission

Improving quality of life and inspiring personal growth through equine-assisted therapies.

### Vision

Excellence not perfection. At Quantum Leap Farm, we envision a world where people are accepted unconditionally.

### Programs

Our comprehensive equine-assisted therapy programs produce physical, social and mental health benefits for our participants.

Special Events

## Units of service through our 6 main equine-assisted therapy programs:

### Therapeutic Riding - 1,161 units

Each session involves instruction in horseback riding and horsemanship skills. Sessions are facilitated by therapeutic riding instructors.

### Mental Health (EASE, Equine-Assisted Self-Exploration) - 1,948 units

Facilitated by licensed mental health professionals. Individuals or groups participate in sessions designed to cultivate personal growth and development.

### Hippotherapy (Occupational & Speech Therapy) - 441 units

Facilitated by a licensed physical therapist and/or speech language pathologist certified in equine-assisted therapy. Sessions are designed to improve functional abilities and increase independence through equine movement and behavior.

### Military Retreats (WMAE, Warrior Mission: At Ease) - 2,220 units

Five-day therapeutic retreats for veterans facilitated by a team of licensed mental health professionals. Retreats feature equine-assisted therapies and other cutting-edge best practices in mental health.

### Family Fun Days - 531 units

Activities at the farm providing valuable peer-to-peer support and quality recreational time with friends and family members.

### BEST, Basic Equine Skills Training - 98 units

Vocational program facilitated by a therapist that allows adolescents and adults with disabilities to develop life skills while working with their equine friends.
